

TAW-JEEH & TAS-HEEL

AUTOMATION CASE STUDY

How we reduced time wastage for Taw-jeeh by 73 % and Increased revenue by 32 % after implementing a cloud-based automation system.

BY HULEXO SOLUTIONS

SOLVING BUSINESS PROBLEMS USING TECHNOLOGY

Complete information at www.Hulexo.com

TAWJEEH WAS STRUGGLING WITH THE BELOW ISSUES

Creating Duplicate & Wrong MB Numbers.

The Customer Happiness consultants were generating invoices with wrong MB numbers creating conflicts with MOHRE and accounts.

Spending A Lot Of Time Registering & Servicing PRO's.

They were dealing with an Inefficient PRO database which was making it impossible for them to keep track of PRO visits and the companies they work for.

Struggling With Long Queues & Traffic.

Their existing system and process was taking up a lot of time to register and invoice customers which formed long queues in peak hours.

& More

WHAT WE DID TO FIX THEM

We Developed End to End Internal System.

We defined a robust and efficient process for Tawjeeh and implemented an end-to-end internal cloud-based system that automated their manual work and increased efficiency.

BENEFITS FOR TAWJEEH

Search Companies & Related PRO's In Seconds.

We built a super organized company database showing all associated PRO's for a company which saved their time otherwise spent on re-entering and searching company names and related PRO's.

Generate & Track Invoices 10X Faster.

Easily associate PRO's with existing companies and register new ones in a matter of seconds using ID Card registration and automated Invoice creation & updation, synced with receipts & accounts; proven to reduce invoicing time per customer by an average of 70%.

Reduced Mistakes By 98%.

Our in-system validations do not allow duplication of an MB number, company record, or PRO info, making it easy to keep everything organized and error-free.

Monitor & Tally Like A Breeze.

Automated accounting reports with daily cash balance visibility & real-time dashboards that make the end of day Tally a breeze.

Track Employee Data.

HR Module that kept them up to date on what employee documents were expiring and helped them tracked their salaries, leaves, and graduity.

Who We Are !

Hulexo Agency is an award-winning automation solution provider for companies all over the world. With over 30+ years in the industry, we have grown from a small team in UAE, to a global team of 25+ employees delivering high-quality automation solutions to a range of different industries.

We specialize in building powerful enterprise applications: delivering high performing automated solutions, transforming the way people run their businesses. We are proud to have worked with big names including ADNOC, ADOC, Wagamama, The Kape, Orica and more. Our projects have not only transformed business operations for our clients but have also won us awards like the Expo 2020 Innovation Award, Gulf Business Innovation Award and many more.

Our people are some of the most highly-skilled techies, passionate about building large-scale enterprise platforms, and automation solutions that save your business time and money while driving it forward.
